

STEPS TO FOLLOW

1. First, I fill my standard glass to the top.

2. I pour the standard glass into glass A.

3. I note how many standard glasses I have emptied into glass A to fill it to the line.

4. I empty glass A into my cylinder.

5. I make a mark with the marker on the masking tape.

6. I write the letter A above my line.

7. I empty the water into my measuring cup.

8. I repeat steps 1 to 5 for each of the glasses.
